Salutation to the Prime Minister,  
Honourable David Cameron,

With respect to your right order of standing under the auspices of Her Majesty The Queen, I would like to seek your assistance as to how you could use your office to enable me to contact the multi-faith religious section in the house of parliament: if my voice could be heard or added. And to make further enquiries about both trans-national religion and inter-continental belief systems of association.  
I believe and trust that this is a preamble to work collectively in the light of the knowledge and understanding of God Almighty.  
I count on your consideration and perusal.

I remain,  
The Governor,  
Akwesi Agyeman.
